The Multi-Disciplinary Outreach Team (M-DOT)

Time commitment required: One full-day per week

The Multi-Disciplinary Outreach Team is a specialized team of providers from various organizations that delivers services to the most vulnerable individuals on the street and in shelters.

The team is made up of Outreach Workers, Case Managers, a Registered Nurse, a Housing Worker and part-time Psychiatrist who connect with people on the streets and in the ravines. The team helps their clients find housing and meet other basic needs such as receiving medical attention, income supports, or addictions services.

The team works out of a van, and the work includes walking around various parts of the city to engage with people. For those who have difficulty sitting still, this is a job for you!
